

Dear WEA member,

We are excited about meeting with many of you during our General Assembly in Thailand, around the theme “One Lord, One Body, One Voice.” As our team plans towards this event, we are certain that the best foundation that can be laid for this significant gathering is to spend the previous year uniting together in prayer. That is why WEA is launching the “DAY ONE” prayer campaign on October 25th, 2007— one full year ahead of the assembly. DAY ONE is a year long prayer campaign that will culminate on October 25th, 2008 during our first full day together in Thailand, and we need your participation.

DAY ONE is a great opportunity for you to gain an understanding of what is happening in each National Alliance and its respective country. It is also a great opportunity for you to support National Alliances in prayer. Praying together as the WEA community helps us to engage with each other in a really meaningful way in preparation for the General Assembly. And this privilege also extends to those who cannot join us for that event.

So how does this work? On the main page of the General Assembly website (www.GA08.org) under the heading “Focus on the Nations”, you will find profiles of National Alliances from around the world featured on a rotating basis. Also, each previously featured National Alliance is archived on the website for your easy reference along with a link to *Operation World's* profile for each country.

Thank you in advance for standing with the National Alliances in prayer. May the kingdom of God come as we join together in prayer to our One Lord as One Body with One Voice.

Together in Christ's Cause,

Geoff Tunnicliffe
International Director
